Taxes Paid Discrepancy

You and/or your parent indicated that you paid equal or greater amount in income tax last year than you earned. This is causing your FAFSA application to be rejected and RMU cannot move forward with your financial aid. Please log on to your FAFSA account at www.fafsa.gov to correct the taxes paid.

It is **HIGHLY** recommended that you and/or your parent utilize the IRS Data Retrieval Tool available for you at the same site. This will pull information reported on your taxes directly from the IRS; clearing up any discrepancy.
